## 3<sup>RD</sup> YEAR OPTIONS

### ITEC DIPLOMA IN LASER AND LIGHT TREATMENTS AND/OR SALON MANAGEMENT COURSE STRUCTURE

Our ITEC International diploma in Laser and Light Treatments will enable students to gain the necessary practical and theoretical skills to provide advanced skincare treatments in the aesthetic field. This includes, but is not limited to laser and light treatments for various skin rejuvenation and hair removal applications. Furthermore, the diploma in Salon Management will enable students to manage the spa or salon environment effectively and to gain management employment in the beauty and aesthetic industry.

	ITEC DIPLOMA IN LASER AND LIGHT TREATMENTS	ITEC DIPLOMA IN SALON MANAGEMENT
<b>Course Requirements</b>	Before embarking on this course, students need a one or two year pre requisite qualification in Beauty Therapy or Health and Skincare Therapy, which includes Basic Skincare treatments and knowledge, as well as Anatomy 1 & 2. If Anatomy was not part of your qualification, the subject will be additional to your syllabus at an extra cost.	Before embarking on this course, students need a two-year minimum pre requisite qualification in Beauty Therapy or Health and Skincare Therapy.
<b>General Information</b>	This diploma runs for six months during which students will complete theory and practical classes. After the six months, students have until the end of the year to complete their case studies and experiential hours (200 hours in total). At the end of the year, students need to hand in all case studies and assignments and pass both Qualitas and ITEC theoretical and practical examinations in order to be competent.	This diploma runs for one year during which students will complete theory and practical classes including case studies and experiential hours (200 hours in total). At the end of the year, students need to hand in all case studies and assignments and pass both Qualitas and ITEC theoretical and practical examinations in order to be competent in Salon Management. Please note that practical subjects will include a training kit, which is liable for an additional fee per module.
