- Processes of testing and inspecting of electrical equipment, control systems and installations
- Processes of commissioning electrical installations and control systems
- Maintenance processes for electrical installations and control systems

HAIR DESIGN NQF 4 (540 CREDITS)

PROGRAMME	NQF LEVEL	SAQA ID	CREDITS
Occupational Certificate: Hairdresser	04	102497	540

TYPE OF PROGRAMME

- Full-time studies – The duration is three years. Tuition is face to face.

ADMISSION REQUIREMENTS

Although the academy recommends that all learners complete grade 12, the minimum entry requirement is Grade 9 (with Mathematics).

ABOUT THE PROGRAMME

This full time course focuses on combining theory (knowledge) with industry related practicals in a classroom environment. Students will host salon days at the campus, where they will practice what they have learnt with real clients. Training will be done under the guidance of experienced facilitators and industry experts. Workplace experience also plays a vital role as part of the qualification.

ABOUT THE INSTITUTE

Qualitas Career Academy is an accredited institution that trains professional hairdressers. At Qualitas Career Academy we focus on giving you all the theory you need, balanced with lots and lots of practical time in a well-equipped training salon. You'll enjoy salon days where you practice what you've learnt. First you'll work with model heads (dolls) and later with real clients.

CERTIFICATION

During the programme, learners will receive a statement of results from Qualitas Career Academy. Once learners have successfully completed their qualification, they will receive a national occupational certificate from the Quality Council for Trades and Occupations (QCTO).

EXAMS AND ASSESSMENTS

During each semester your will complete theory and practical assessments.
Throughout the semester, you'll get lots of practice and feedback to prepare you for success.

THE TRADE TEST

To qualify as a professional hairdresser, you must complete a trade test. This happens once (and sometimes twice) a year. It is conducted by the QCTO at an approved trade test centre. The Qualitas Hair Design programme prepares learners for this and provides real-life experiences on campus so that learners can be confident when that day arrives.

THE SALON KIT

Qualitas Career Academy wants you to look and feel like a professional from day 1. We source quality hair design instruments from salon suppliers when compiling your kit. The kit contains all items you'll need to succeed on this programme.

THEORY (KNOWLEDGE) MODULES

- Introductory studies for hairdressers
- Hair & Skin
- Shampoo, Condition & Treatment
- Communication & Sales
- Hairstyling
